

BUSINESS DATA ANALYST HEADQUARTERS – CREWE, VA

(Position closes at 5:00 p.m. Eastern time on Thursday, May 31, 2019)

The Business Data Analyst will have excellent analytical and problem-solving skills and be enthusiastic about using data to provide strategic insights to all levels of the organization. You will champion the value of data to maximize operational efficiencies within the Cooperative's Advanced Metering Infrastructure (AMI) and Meter Data Management System (MDMS). You can solve complex network/communications problems and are willing to work long hours when a project requires it. You are well organized, detail oriented, and know how to prioritize tasks.

Other essential functions include, but are not limited to:

- Developing visualized data for process measurement and future improvement opportunities
- Providing essential reports and queries from AMI, MDMS, and other systems as needed
- Maintaining the Cooperative's AMI systems
- Daily monitoring of critical commercial and industrial meters for configuration and reporting accuracy
- Diagraming and evaluating existing processes
- Staying current in technology industry developments and standards related to AMI, MDMS, and SCADA
- Assisting with network communication's infrastructure
- Assisting with SCADA administrations and configuration.

Knowledge & Skills

- Expertise in Excel is required
- Strong understanding of relational database structures and concepts
- 2+ years SQL experience preferred
- Linux experience preferred
- Knowledge of AMI, MDMS, and / or SCADA preferred

Bachelor's Degree in business, mathematics, statistics, accounting, economics, computer science engineering, or another quantitative field preferred or demonstrated work experience in lieu of Bachelor's Degree.

At Southside Electric Cooperative our Members are our priority, therefore, our field team are first responders when the lights go out. At Headquarters, it's up to us to make sure they have exceptional support while they are working long hours in crisis situations. While it doesn't happen often, we are always ready to roll up our sleeves and pitch in when it's all hands-on deck, therefore, you must be able to report to work whenever needed. You are willing to participate in the Technology Department's on-call roster and prepared to work outdoors, in any weather condition, if necessary.

The Business Data Analyst must make their residence within 60 minutes legal driving time to our headquarters office in Crewe, Virginia.

We offer a highly competitive salary and an unrivaled benefits package that includes retirement, 401(k), tuition reimbursement, HSA, HRA, and health, dental, vision, and life insurance. We are conveniently located on Highway 460, just a short distance from 360 and an easy drive from Chesterfield County and Farmville.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, national origin, disability or veteran status.

**WE ARE PROUD TO BE AN EQUAL OPPORTUNITY
PROVIDER AND EMPLOYER**
